

CAN'T STAND THE WEATHER

By Bobby Brennan

See you next time, but don't hold your breath.
I'll catch you next Tuesday if your lucky and I forget
Best intuition toughens careless hearts.
Who has one reason, every time that we're apart
And I don't wanna change your life,
I don't even wanna change your mind.
Cause it's much too late for that, you got yours and honey
I got mine.
But do you recall, what it was at all, that made you leave.
She said I could love you forever.....
But I just can't stand the weather.

Can't understand normal thinking, can't understand why.
Catch you next to someone who can't look me in the eye.
Buy into this ceaseless hell, it hasn't been that long.
Why have one right, everyone is wrong.
And I hope you don't lose no sleep,
I hope you don't lose anything at all.
Cause I know that it's not like you to be sittin' round waiting for my call.
Cause you never told me the reason why you had to go.
She said I wish we could be together.....
But I just can't stand the weather.

Tell me that I'm not the one, you take the money and then you run.
Best intentions turn to careless hate.
Who has one reason everytime, I can't get you off my mind.
I thought this was forever, now I.....
Just can't stand the weather.

And I don't wanna change your life,
I don't even wanna change your mind.
Cause you know I'm not the kind to be sittin round waiting for a sign.
No time for you and me, no time to disagree,
Nothing left to say.
I said I could love you forever.....
But I just can't stand the weather.

I just can't stand the weather.
I just can't stand the weather.
I just can't stand the weather.
Whenever we're together...
I just can't stand the weather.
I thought this was forever.
I just can't stand the weather.
I just can't stand the weather.

CAN'T STAND THE WEATHER

By Bobby Brennan

Last word, last chance...this is the last time I'll ever do this dance.

I just can't stand the weather.

Last word, last chance...this is the last time I'll ever do this dance.

I just can't stand the weather.

Last word, last chance...this is the last time I'll ever do this dance.

I just can't stand the weather.
